INDEPENDENT AUDITORS' REPORT

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico,
Department of Finance and Administration, and
Mr. Brian Colón, New Mexico State Auditor
Santa Fe, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the general fund and each major special revenue fund of the State of New Mexico Department of Finance and Administration (the Department), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Department's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico
Department of Finance and Administration and
Mr. Brian Colón, New Mexico State Auditor

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the general fund and each major special revenue fund of the State of New Mexico Department of Finance and Administration as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 15, the Department recorded a restatement to the Department's net position to correct a previously reported balance related the financial accounting and reporting of the Department's accrued interest activity. The Department also recorded a restatement to the Department's fund balance to reclassify one fund from a capital projects fund to a debt service fund. Our opinion is not modified with respect to these matters.

As discussed in Note 1, the financial statements of the Board are intended to present the financial position and changes in financial position of the Board. They do not purport to, and do not present fairly the financial position of the entire State of New Mexico as of June 30, 2019, and the changes in its financial position, or where applicable, its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico
Department of Finance and Administration and
Mr. Brian Colón, New Mexico State Auditor

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Department's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is also presented for purposes of additional analysis and is not a required part of the basic financial statements. The combining financial statements of the general fund and the board of finance fund and other schedules presented as other supplementary information as listed in the table of contents are also presented for purposes of additional analysis as required by the State Audit Rule and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedule of expenditures of federal awards and the combining financial statements of the general fund and the board of finance fund and the other schedules presented as other supplementary information as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2019 on our consideration of the Department's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Department's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Department's internal control over financial reporting and compliance.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

The Management's Discussion and Analysis (MD&A) of the New Mexico Department of Finance and Administration (the Department) provides an overview of the Agency's basic financial statements, financial condition and results of operations for the fiscal year ended June 30, 2019 with comparative numbers for the prior fiscal year, where appropriate. This information is designed to focus on the current year's activities, resulting changes, and currently known facts. It should be read in conjunction with the Department's Financial Statements and Notes to the Financial Statements that follow this section.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Department is one of many agencies within the State of New Mexico, and as such, the only focus of this financial report is on the Department, and not the State of New Mexico as a whole. The financial statements include the following four elements: (1) MD&A, (2) the Basic Financial Statements, (3) Notes to the Financial Statements, and (4) Other Supplementary Information. The Basic Financial Statements include two kinds of statements: the government-wide financial statements and the fund financial statements that present different views of the Department.

The government-wide financial statements – Statement of Net Position and Statement of Activities – report information about the Department's overall financial condition and results of operations. These statements use an economic resources measurement focus and an accrual basis of accounting similar to those used by private-sector companies. The Statement of Net Position includes all of the Department's assets, liabilities, deferred inflows of resources, and net position. The Statement of Activities includes all accrued revenues and expenses incurred during the period, regardless of when amounts were received or disbursed.

The fund financial statements include governmental and fiduciary fund financial statements. The Department does not account for any proprietary funds. The governmental funds statements include the Balance Sheet and Statement of Revenues, Expenditures, and Change in Fund Balances. These statements focus on individual parts of the Department, reporting the Department's financial condition and results of operations in more detail than the government-wide statements, and illustrate how general government services were financed in the short-term as well as what remains for future spending.

In governmental fund financial statements, the emphasis is on general fund, major special revenue funds, and capital project funds. Non-major governmental funds are summarized in a single column. Individual special revenue and capital project funds that meet specific threshold based-criteria established by the Governmental Accounting Standards Board (GASB), or if deemed significant by management, are reported as major funds and reported separately. Funds meeting the major fund threshold in addition to the general fund include: 911 Enhancement Fund, Community Development Block Grant, Law Enforcement Protection Fund, County Supported Medicaid Fund, Local DWI Grant Program, and Small Counties Assistance, all of which are special revenue funds. The major debt service fund is the Board of Finance Debt Service Fund. The major capital project funds include the Board of Finance Capital Project Funds, the STB Capital Outlay Statewide Fund, and the General Fund Capital Outlay Fund.

The fiduciary fund financial statements include the Statement of Fiduciary Assets and Liabilities that provides information about the financial relationships for which the Department acts solely as an agent for entities other than the primary government, the State of New Mexico, to whom the resources in question belong. These activities are excluded from the government-wide financial statements because the primary government cannot use these assets to finance its operations. The Department is responsible for ensuring that the assets reported in these funds are disbursed for their intended purposes.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

FINANCIAL HIGHLIGHTS

Current assets increased \$110 million compared to the prior year as a result of an increase of General Fund Appropriations for Capital Outlay projects in the amount of \$172 million; an approximate decrease in the Board of Finance Capital Project Funds of \$112 million due to project completion as well as not issuing bonds for Capital Projects because they were funding with General Fund; an approximate increase in the General Fund components of \$36 million due to the increase in Special Appropriations and Computer System Enhancement Fund.

Capital assets decreased by \$26,700 as a result of accumulated depreciation, and there were no additions throughout the fiscal year.

Total liabilities decreased \$198 million from the prior fiscal year as a result of a \$200 million increase in the recognition of bonds payable; a \$24.5 million increase in the recognition of accrued interest for the bonds payable; a decrease in accounts payable of \$13.3 million; and a payable to other state agencies of \$1.9 million. The increase in current assets after the offset by the decrease in liabilities resulted in an increase of \$308 million in net position.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

Total general revenues increased \$308 million compared to the prior year as a result of an increase in General Fund Appropriations to the Computer Enhancement Fund in the amount of \$10.4 million; an increase in the General Fund Capital Outlay Fund of \$173 million; an increase in the Special Appropriations Fund of \$93 million; and an increase in the Board of Finance Emergency Loan Fund of \$2 million.

Total program expenses increased \$29 million primarily due to the recognition of accrual of interest of the Board of Finance Bond Funds of \$24 million.

Total transfers-in increased by \$31.5 million due to an increase in General Fund Special Appropriations of \$50.2 million for disbursement to the tobacco settlement permanent fund held at the State Investment Council of \$40 million; the water project fund and of \$6 million at the New Mexico Finance Authority; the primary care fund of \$4 million at New Mexico Finance Authority; and for a Computer Enhancement project for the department's budget system of \$250,000 as well as a decrease in the Tobacco Settlement Fund transfer from other agencies of \$17.3 million. Total transfers-out increased by \$107.5 million due primarily to an increase in transfers to agencies for the Compensation Increase for State employees of \$86.5 million from the Special Appropriations Fund and the disbursement to the Tobacco settlement permanent fund held at the State Investment Council of \$40 million from the Special Appropriations Fund; an increase disbursement from the Computer Enhancement Fund of \$2 million; and a decrease in the transfers from the Tobacco settlement permanent fund within the Department of Finance and Administration of \$21.1 million.

FINANCIAL ANALYSIS AT THE FUND LEVEL

The governmental fund level financial statements focus on how money flows into and out of funds and the residual balances remaining at year-end available for spending in subsequent periods. The funds are reported using modified accrual basis of accounting, which measures cash and other financial assets that can be readily converted to cash. The differences between government-wide financial statements and the governmental fund financials are described in reconciliations included with the financial statements.

The following analysis was derived from the fund financial statements and compares the current year fund balances to the prior year:

	Fund Balance Ending		Increase/ (Decrease)	Percentage Change
	June 30, 2019	June 30, 2018		
General Fund	\$ 54,789,591	\$ 25,997,153	\$ 28,792,438	111%
County Supported Medicaid	4,745,130	725,629	4,019,501	554%
Local DWI Grant Program	6,009,173	3,878,735	2,130,438	55%
Law Enforcement Protection	100,000	100,000	-	0%
911 Enhancement	10,846,151	7,323,146	3,523,005	48%

Nonmajor governmental funds	1,667,465	1,651,751	15,714	1%
Total	<u>\$ 1,077,193,704</u>	<u>\$ 971,234,104</u>	<u>\$ 105,959,600</u>	11%

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

The General Fund balance increased \$28. million and is attributable to an increase in the Computer Enhancement Fund of \$22.9 million for future year projects authorized by legislation and not yet completed; an increase in the Special Appropriations Fund of \$3.9 million for projects authorized by legislation and not yet completed; and an increase in the Board of Finance Emergency Fund of \$1.9 million for loans to entities. The E911 Enhancement Fund balance increased \$3.5 million due to a reduction in staff and an inability to complete system upgrades. The Board of Finance Bond Funds increased \$1.2 million due to investment related increases. The \$4 million increase in the County Supported Medicaid Fund reflects an increase in revenue of \$2.8 million and a decrease in transfers in and out, with a net effect of \$1.3 million. The Local DWI Grant Program Fund balance increased by \$2.1 million due to an increase in revenues above legally allowable expenditures. The Board of Finance Capital Project Fund balance decreased by \$105 million due to project completions and no new projects financed with Bond proceeds. The General Fund Capital Outlay Fund increase by \$172 million due to capital projects funded through General Fund.

The Non-Major Governmental Funds increased overall by \$15,000 and is attributable to the transfer of remaining balance available in the Tribal Infrastructure Fund, with a decrease to the fund of \$287,000; an increase to the Civil Legal Services Fund of \$161,000 due to an increase in funding; an increase of \$152,000 in the neighborhood stabilization fund; and a decrease in the juvenile adjudication fund of \$10,000.

GENERAL BUDGETARY HIGHLIGHTS

The Department wide operating budget, as well as its non-operating budgets for fiscal year 2019, are contained in the General Appropriations Act, Laws of 2018, Chapter 73. The Department non-operating budget for fiscal year 2019 related to Special Appropriations and General Fund Capital Outlay are contained in the General Appropriations Act, Laws of 2019, Chapter 271.

The DFA operating and non-operating budgets totaled \$530.5 million, or 236% increase, in Fiscal Year 2019.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

General Appropriations Act, Laws of 2018, Chapter 73

The Fiscal Year 2019 operating budget was \$14.6 million, \$253,000 higher than the Fiscal Year 2018 budget. Changes included an increase of \$162,000 in the personal services and benefits category across the agency related to Statewide employee salary increases; an increase of \$147,000 in personal services to close the vacancy gap; a decrease of \$13,000 in contractual services primarily related to the decrease in Secretary's Office contracts; and a decrease of \$43,000 in other services that comprise an increase of \$100,000 in Financial Control, an increase of \$18,000 in Administrative Services, and a decrease of \$165,000 in membership and dues related to statewide planning and leasehold improvement. The non-operating budget totaled \$372.5 million. Budget changes included a decrease of \$3.2 million in the County Supported Medicaid Fund related to the decrease in allowable distributions; a decrease of \$3.2 million in the Local DWI Grant Program Fund related to a decrease in allowable distributions; an increase of \$89 million in the Special Appropriations Fund for the distribution of General Fund to State Agencies for the budgeted salary increases; an increase of \$4.9 million in the Law Enforcement Protection Fund related to an increase in allowable disbursements; a net decrease of \$732,000 in the E911 Enhancement Fund related to a decrease of \$1.9 million in utilization of fund balance; an increase of \$1.2 million related to allowable distributions; and an increase of \$24.9 million in the STB Capital Outlay Fund related to the approved and budgeted STB Capital Outlay projects in Fiscal Year 2019.

General Appropriations Act, Laws of 2019, Chapter 271

The Fiscal Year 2019 non-operating budget totaled \$157.7 million, a 42 percent increase to the non-operating budget for the fiscal year. It contained an \$89 million increase in the Special Appropriations Fund, of which \$57.2 million was designated as transfers to other agencies and \$36.3 million was appropriated to DFA for special projections authorized by legislation, and an approximate \$178 million increase in the General Fund Capital Outlay Fund for Statewide Capital Outlay projects funded through General Fund instead of proceeds from the sale of state-issued bonds.

DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

PERFORMANCE MEASURES

The Department collects data to measure success in meeting performance measure targets to address the requirements for the Accountability in Government Act (AGA), Sections 6 3A 1 through 6 3A 8 NMSA 1978. Performance measures outlined in the General Appropriation's Act, Laws of 2018, for the year ended June 30, 2019, were as follows:

Type of Measure	Measure	Target	Result
Policy Development Program			
Outcome	General fund reserves as a percent of recurring appropriations	10%	Current Projection 26.9%
Outcome	Error rate for the eighteen-month general fund revenue forecast, gas revenue and corporate income taxes	(+/-) 3%	Current Projection -20%
Community Development Program			
Output	Percent of county and municipality budgets approved by the local government division of budgets submitted timely	95%	100%
Outcome	Number of counties and municipalities local government division assisted during the fiscal year to resolve poor audit findings and diminish poor audit opinions	10	13
Fiscal Management Program			
Efficiency	Percent of vouchered vendor payments processed within five working days	95%	99%
Output	Percent of bank accounts reconciled on an annual basis	100%	100%

CAPITAL ASSETS AND DEBT ADMINISTRATION

The Department did not purchase capital assets during fiscal year 2019. The Department had a net capital assets of \$176,207 as of June 30, 2019, which include office/computing equipment and vehicles. The Department has no infrastructure assets.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

The State Board of Finance (SBOF) is responsible for issuing and administering bonds for the State of New Mexico. SBOF issues several different types of bonds, including; Severance Tax Bonds (STB) annually, General Obligation Bonds (GOB) every two years (odd years), and Supplemental Severance Tax Bonds (SSTB) occasionally. The bonds are debt obligations of the State of New Mexico and are reported as liabilities in the Statement of Net Position. The pledged revenues that support the outstanding debt are held in respective debt service accounts with the State Treasurer's Office (STO), therefore the principal and interest payments are made directly by STO. The debt service payments are presented in the Department's financial statements, and the bond payables are reported in the State of New Mexico's Comprehensive Annual Financial Report (CAFR).

The bond ratings for the Fiscal Year 2019 issuances are as follows:

<u>Bond Type</u>	<u>Moody's</u>	<u>Standard & Poor's</u>
General Obligation Bonds	Aa2/Stable	AA/Stable
Severance Tax Bonds	Aa2/Stable	AA-/Stable
Supplemental Severance Tax Bonds	Aa3/Stable	A+/Stable

LONG-TERM LIABILITIES

Bonds payable and unamortized premium stewarded by the Board of Finance as of June 30, 2019, totaled \$1.38 billion, including payables and premium due within one year of \$434.3 million. All bonds payable are secured by pledged tax revenues. More detailed information about the bonds payable and unamortized premiums are provided in Note 6.

ECONOMIC FACTORS AFFECTING NEXT FISCAL YEAR'S BUDGET

New Mexico utilizes a consensus revenue estimating group (CREG) composed of legislative and executive economists to forecast General Fund revenue so that the Executive and Legislature work with the same revenue forecast in preparing their respective General Fund operating budget recommendations. Additionally, the economists track and analyze the economy at the national and state level.

U.S. Economy

The U.S. economy continued to grow in Fiscal Year 2019. The national economy, as measured by real gross domestic product (GDP), grew by 2.6 percent in Fiscal Year 2019. Total employment levels averaged 2.4 million or 1.5 percent above Fiscal Year 2018. U.S. average hourly wages grew by 3.2 percent, exceeding inflation of 2.1 percent.

U.S. economic growth is expected to continue at a moderate pace in Fiscal Year 2020, with projected GDP growth of 2.6 percent. In Fiscal Year 2019 the international trade war created economic uncertainty, and national analytics firms have warned of a potential recession on the horizon. The Federal Reserve is expected to lower short-term interest rates heading into Fiscal Year 2020, in an effort to bolster U.S. economic strength. The Federal Reserve cites strong labor markets, a historic low unemployment rate, and strong household spending for a continued positive economic outlook.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

New Mexico Economy

The New Mexico economy grew moderately in Fiscal Year 2019, and the energy sector continued to provide significant contributions. Reflective of New Mexico economic growth, state wages and salaries grew by 4.9 percent, and total personal income in the state grew by 4.6 percent. During Fiscal Year 2019, New Mexico employment growth averaged 1.9 percent, adding 15,800 jobs. During Fiscal Year 2019, the Mining sector continued to grow, setting new record levels for rig counts, oil production, and taxable gross receipts. The Mining sector added 2,000 jobs during Fiscal Year 2019. Other sectors driving growth in Fiscal Year 2019 were the Construction sector, the Professional and Business Services sector, and the Leisure and Hospitality sector, increasing employment by 3,100 jobs, 2,000 jobs, and 1,800 jobs, respectively.

Oil prices in Fiscal Year 2019 remained lower than oil prices in Fiscal Year 2018. However, this has been offset by record levels of oil production in Fiscal Year 2019. Natural gas prices remained low in Fiscal Year 2019. Average New Mexico prices in Fiscal Year 2019 for crude oil and natural gas were \$51.80 per barrel and \$3.05 per mcf, respectively. New Mexico continued to be the third largest producing state for oil and the ninth largest for natural gas.

General Fund Revenue and Reserve Outlook

According to the August 2019 consensus revenue estimate, Fiscal Year 2019 recurring revenue is expected to have grown by 16.2 percent, to over \$7.9 billion, while year-end financial reserves are estimated to be 26.9 percent of recurring appropriations. The growth in the revenue estimate is due to increased oil and natural gas production-related revenues. These revenues include direct severance tax revenues and gross receipts tax revenues directly related to the energy industry. Additionally, in Fiscal Year 2019, growth in personal and corporate income taxes, and earnings on state balances contributed to the overall growth in the revenue estimate. Additionally, there was a significant increase in the Federal Mineral Lease revenue associated with a one-time payment in the amount of \$497 million in November 2018.

Fiscal Year 2020 recurring revenues are estimated to decline slightly, by 1.8 percent, when compared to Fiscal Year 2019. Total revenues for Fiscal Year 2020 are estimated to be around \$7.8 billion. The decline is due to the above average mineral rents and royalties payment received in Fiscal Year 2019, as noted above. Mineral rent and royalties revenues are expected to return to trend in Fiscal Year 2020.

Oil- and natural gas-related revenues are projected to be even higher than Fiscal Year 2019 levels, as oil volumes continue to grow in Fiscal Year 2020. New Mexico oil prices are projected to average \$52.50 per barrel in Fiscal Year 2020. Natural gas prices have remained low and flat during the time period considered. New Mexico has vast amounts of natural gas in proved reserves. Natural gas production has increased as the energy industry increases its oil production. New Mexico is currently experiencing an oversupply of natural gas production, putting downward pressure on natural gas prices. New Mexico natural gas prices are expected to average \$2.00 per mcf in Fiscal Year 2020. Oil volumes are projected to increase by 19.6 percent, and natural gas volumes are estimated to increase by 5.5 percent.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019**

Oil- and natural gas-related growth, including severance, federal mineral leasing bonus and royalty payments, and gross receipts tax revenue growth associated with oil exploration, is expected to be the largest driver of General Fund revenue growth in Fiscal Year 2020. Non-energy related growth in gross receipts tax is also expected, as the Rio Grande corridor is expected to continue to see moderate growth, and food and medical hold harmless distributions to local governments continue to be phased out. Distributions from the Permanent Funds are also expected to contribute to growth, increasing General Fund revenue by an estimated \$35 million in Fiscal Year 2020 due to a higher-than-average 5-year market value driven by fund growth. Fiscal Year 2020 ending reserves are projected to be \$2.3 billion, or 32 percent of recurring appropriations if no additional FY 2020 supplemental or special appropriations are made mid-year during the 2020 legislative session.

Consensus Revenue Forecast Process

The CREG bases its State General revenue forecast on forecasts of the U.S. economy from Moody's Analytics and IHS Global Insight, in combination with forecasts of the New Mexico economy prepared by the University of New Mexico's Bureau of Business and Economic Research. Economic inputs also include data and information provided by state agencies and other national data sources, such as the Energy Information Administration, Bureau of Labor Statistics, Bureau of Economic Analysis, and the U.S. Census. Historical information on the New Mexico value and volume of crude oil and natural gas produced in the state is derived from the state's GenTax Database reporting system, and product price forecasts are derived from the national economic forecasting services and other sources. Additionally, New Mexico state revenues are highly sensitive to boom and bust cycles in the energy industry; the CREG conducts a stress-test on state revenues during the process. The establishment and use of stress-testing hedges against an economic downturn or an unforeseen downswing in the energy sector. Stress-Testing allows for targeting appropriate levels of General Fund reserves while safeguarding the state's budget.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCE—GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2019**

Net Changes in Fund Balance - Total Governmental Funds
(Statement of Revenues, Expenditures, and Changes in Fund Balance) \$ 105,959,600

Amounts reported for governmental activities in the statement of activities are different because:

In the statement of activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid). The increase in compensated absences for the fiscal year was: (10,850)

Bond proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is a expenditure in the governmental funds, but the repayment reduces the long-term liabilities in the statement of net position. This is the amount by which proceeds do exceed repayments.

Bond Proceeds - Sponge Bonds (BOF Capital Projects)	(256,363,476)
Payments of Sponge Bonds Paid by STO	256,363,476
Payments of Bonds Paid by STO	189,900,000
Change in Accrued Interest Payable	925,231
Amortization of Premium	33,723,213
This is the amount by which proceeds do not exceed repayments.	224,548,444

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital Outlay	-
Depreciation Expense	(26,597)
Excess of Capital Outlay Over Depreciation Expense	(26,597)

Net change in deferred gain on refunding (consisting of the unamortized balance of premiums associated with refunded bonds), which is recorded as a reduction of a long-term liability in the Statement of Net Position.) 2,910,634

Change in Net Position of Governmental Activities
(Statement of Activities) \$ 333,381,231

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Department is an agency of the State of New Mexico, which is the primary government, pursuant to the Department of Finance and Administration Act, Sections 9-6-1 through 9-6-15 NMSA 1978. These financial statements include all funds which the Department Secretary has authority over, except for those funds comprising the State General Fund, which are reported in a separate Annual Financial Report issued by the Office of the State Controller.

The financial statements have been prepared by the Department of Finance and Administration (the Department) in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units as prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard setting body for establishing governmental accounting and financial reporting standards.

Financial Reporting Entity

The purpose of the Department is to make state government more efficient and responsive through consolidating and eliminating the overlapping of certain state government functions; to establish a single, unified Department to administer laws relating to finance and administration of state government; and to perform other duties as provided by law. The chief executive of the Department is the Secretary, who is appointed by the Governor and is a member of the Governor's Cabinet. The Department has no component units.

Electronic copies of the State of New Mexico's Comprehensive Annual Financial Report (CAFR) and the State General Fund's Annual Financial Report can be found on the Department of Finance and Administration's home page or at <http://www.nmdfa.state.nm.us/audit-info.aspx>.

The Department is segmented into the following four divisions and receives program funding based on that structure:

Policy Development, Fiscal Analysis, and Budget Oversight Program

Office of the Secretary – The duties of the Office of the Secretary are defined in the Department of Finance and Administration Act, Sections 9-6-5 and 9-6-5.1 NMSA 1978. Accordingly, the Secretary is empowered to plan and organize the Department and the divisions and may transfer or merge functions between divisions in the interest of efficiency and economy.

Board of Finance – The Board of Finance (the Board) (Sections 6-1-1 through 6-1-13 NMSA 1978) determines what needs or emergencies exist that warrant action and, in turn, may lend or grant to any state agency, board, commission, municipal corporation or other political subdivision organized under the laws of the State of New Mexico, the sum of money the Board determines reasonable and appropriate from any funds appropriated to the Board for use in meeting emergencies. On occasion, the Board may convert a loan to a grant, if provided appropriate justification or if mandated by law. The Board may prescribe those terms and conditions it deems proper with respect to the repayment of any loan and the application of

Policy Development, Fiscal Analysis, and Budget Oversight Program (Continued)

the proceeds of the loan. The Board may require or waive security by way of the pledge of revenues or otherwise and may require or waive interest as the Board determines proper under the circumstances.

The Board of Finance is also responsible for issuing state general obligation and revenue bonds, and for the investment and distribution of the proceeds from such bonds. In that regard, the Board approves the issuance of such bonds, and provides information for bond prospectuses in order to ensure compliance with financial disclosure requirements and to present information concerning bond issues in a meaningful and informative format.

State Budget Division – The State Budget Division (SBD) (Sections 6-3-1 through 6-3-25 NMSA 1978) assists state agencies and the Governor in the preparation of budget recommendations and estimates. Accordingly, the SBD requires periodic reports from all state agencies giving detailed information regarding federal monies, obtains information on budgetary and financial problems from each state agency, and reviews data submitted by any state agency for the purpose of maximizing the effective use of New Mexico State Government. The SBD also is responsible for implementing the Accountability in Government Act (Sections 6-3A-1 through 6-3A-8 NMSA 1978).

Community Development, Local Government Assistance, and Fiscal Oversight Program

Local Government Division – The Local Government Division (LGD) (Sections 6-6-1 through 6-6-20 NMSA 1978) reviews and approves budgets and budget resolutions for municipalities, counties and special districts; assists and trains local government personnel in the areas of accounting, budgeting, automated reporting, purchasing, reconciliation of accounts, payroll and other financial matters; sets and publishes tax rates; and prepares tax certificates for counties.

The LGD administers the federal Community Development Block Grant (CDBG) program, State capital project appropriations, the State's enhanced E911 grant program, the State's driving while intoxicated program, and the federal school-to-work opportunities grant program.

The LGD also administers and supports the Civil Legal Services Commission, New Mexico Association of Regional Councils, Municipal Boundary Commission, Acequia Commission, Community Development Council, DWI Council, and the School-to-Work Advisory Council.

Fiscal Management and Oversight Program

Financial Control Division—The Financial Control Division (FCD) (Sections 6-5-1 through 6-5-11 NMSA 1978) establishes and maintains a central system of state accounts. The FCD is responsible for enforcing and administering a number of statutes, which include the periodic allotment of appropriations (including State General Fund appropriations) authorized by the Legislature. The FCD accounts for all operating budgets approved by the State Budget

Fiscal Management and Oversight Program (Continued)

Division and ensures that agencies stay within their authorized spending authority. In addition, the FCD is responsible for:

- Determining the legality of and authority for proposed expenditures.
- Centrally processing and recording transactions.
- Assuring that sufficient cash and budget are available prior to the commitment of public funds.
- Maintaining a central filing system for documents supporting financial transactions.
- Issuing financial reports to state agencies.
- Compiling and issuing financial reports including the State's Comprehensive Annual Financial Report to the Legislature and other entities.
- Processing and issuing state employee biweekly payroll.
- Administers and maintains automated information systems.
- Reviews and approves professional service contracts for budget and legal sufficiency on a statewide basis.

Program Support

Administrative Services Division – The Administrative Services Division provides central budgeting, financial accounting and human resources services for the Department; develops and prepares the Department's operating budget, budget request and quarterly budget projections; prepares and maintains the Department's payroll; administers employee benefits; facilitates staff recruitment and retention; ensures all state personnel policies and procedures are adhered to by all divisions; oversees processing of purchase orders and payment vouchers including capital projects and federal awards; monitors and reconciles funds, grants, general ledger and operating transfer schedules; and prepares annual financial statements and required schedules.

Basic Financial Statements — Government-Wide Statements

Government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements report information about the Department as a whole, except for the State General Fund and fiduciary/agency funds. The statements are required to include separate columns for governmental and business-type activities of the primary government, as well as discretely presented component units. The Department has no business-type activities or component units to report.

Government-wide financial statements are presented using the economic resource measurement focus in which both current and long-term economic resources and obligations of the Department are reported in the government-wide financial statements. In addition, the statements are presented using the accrual basis of accounting. The basis of accounting measures revenues, expenses, gains, losses, assets and liabilities arising from exchange transactions when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with GASB Codification.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements — Government-Wide Statements (Continued)

The Statement of Net Position reports all assets, liabilities, deferred inflows of resources, and net position of the Department. Assets and liabilities held for others in fiduciary funds are not included in the Statement of Net Position as they are not resources or obligations of the Department. Net position is restricted when constraints are placed on it from external entities (e.g., federal government) or by constitutional provisions or enabling legislation. Net position that does not meet the definition of net investment in capital assets or restricted is classified as unrestricted net position.

Amounts paid to acquire capital assets are capitalized as assets in the Statement of Net Position and are not reflected as an expense. Proceeds of long-term debt are recorded as a liability, not as another financing source. Amounts paid to reduce long-term indebtedness of the Department are reported as a reduction of the related liability, not as an expense. The Department finances the acquisition or construction of capital assets for other State agencies and local governments and issues debt to pay for capital projects. The capital assets are reported in the financial statements of the agencies maintaining the capital assets. The Department has the outstanding debts that are required to repay by the State Treasurer's Office (STO) by the pledged tax revenue but it does not own any offsetting asset.

The Statement of Activities reports the extent to which the direct program expenses, reported by functional area, are offset by program revenues. Program revenues predominantly consist of restricted federal operating grants and interest charges on loans to local governments for CDBG projects. The Department has no capital grants revenue. Internal activity occurring between governmental funds has been eliminated from the government-wide Statement of Activities.

Basic Financial Statements – Fund Financial Statements

Fund financial statements distinguish between governmental, proprietary, and fiduciary funds, and report on each fund group separately. The Department has no proprietary funds to report. Governmental funds are further segregated into general, major, and other non-major governmental funds. A major fund reports at least 10% of total governmental fund assets, liabilities, revenues, or expenditures; the General Fund is always considered to be a major fund. The Department may designate additional major funds as it deems appropriate.

Fund financial statements for the Department's governmental funds (Balance Sheet – Governmental Funds and Statement of Changes in Revenues, Expenditures, and Fund Balances) are presented after the government-wide financial statements. These statements report the major funds individually and the other governmental funds in aggregate.

Fund financial statements are presented using the current financial resources measurement focus. Only current assets and current liabilities are generally included on the governmental funds' balance sheets. The reported fund balance is considered a measure of available resources. In addition, governmental fund financial statements use the modified accrual basis of accounting. Under this basis of accounting, revenues are recorded when they become

Basic Financial Statements – Fund Financial Statements (Continued)

measurable and available to be used to pay liabilities of the current period. Expenditures are recorded when the liability is incurred except for (1) interest on general long-term obligations, which is recorded when due, and (2) compensated absences, which are not expected to be settled using expendable available financial resources. These items are not budgeted in the current year. The following funds are used by the Department.

Governmental Funds

General Fund – The General Fund accounts primarily for State General Fund monies appropriated in Section 4 of the “General Appropriation Act.” Unexpended and unencumbered appropriations on hand at fiscal year-end will revert to the State General Fund. The Department’s General Fund combines activities for the following programs:

The Policy Development Program encompasses the activities of the Office of the Secretary, the Board of Finance, and the State Budget Division.

Community Development is made up of the numerous programs administered by the Local Government Division.

Financial Management is divided between the activities of the State Controller’s Office and the Financial Control Division.

Program Support accounts for the activities of the Administrative Services Division.

Additional funds administered by the Department that do not qualify as a Special Revenue Fund and are included in the General Fund are:

- 69700 – Tobacco Settlement Fund (Transfer fund) (Section 6-4-10 NMSA 1978)
- 20900 – Board of Finance Emergency Fund (Section 6-1-5 NMSA 1978)
- 21000 – Emergency Water Supply Fund (Section 3-27-9 NMSA 1978)
- 21200 – Voting Machine Fund (Section 1-9-19 NMSA 1978)
- 28100 – NM Community Assistance (Section 11-6-1 through 11-6-9 NMSA 1978)
- 61800 – Leasehold Community Assistance (Section 6-6A-1 through 6-6A-5 NMSA 1978)
- 62000 – Special Appropriations Fund (Administrative)
- 20130 – County Detention Fund (HB 316 Ch. 333, Law of 2007)
- 05105 – Interlock Device Fund (Section 66-8-102.3 NMSA 1978)
- 13800 – Supreme Court Fund
- 20100 – NMDOT State Road Fund (Section 67-3-65, NMSA 1978)
- 00900 – Computer Enhancement Fund (Section 6-4-7 NMSA 1978)
- 80000 – County Remittance Fund (Fund 80000) (Administratively Established)
- 76100 – Charitable, Penal and Reformatory Institutions Fund (Administratively Established)

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS

Major Funds

911 Enhancement Fund (74500). The purpose of this special revenue fund (Sections 63-9D-12 through 63-9D-20 NMSA 1978) is to further the public interest and protect the safety, health, and welfare of the people of New Mexico by enabling the development, installation, and operation of enhanced 911 emergency reporting systems to be operated under shared state and local governmental management and control. The fund is non-reverting.

Community Development Block Grant Fund (CDBG) (08800). This special revenue fund was established to account for federal financial assistance awarded to the Local Government Division for the purpose of providing assistance to counties and non-Standard Metropolitan Statistical Area (SMSA) municipalities in community development efforts that provide a suitable living environment, decent housing, essential community facilities, and economic opportunities to persons of low and moderate income. In addition, this fund accounts for federal grant and loan assistance to communities with a population less than 50,000 for activities that benefit low and moderate-income families to aid in the elimination or prevention of slums and blight conditions. This is a non-reverting program authorized through the U.S. Housing and Community Development Act of 1974, as amended. Please refer to the Schedule of Expenditures of Federal Awards (SEFA) in the Single Audit section of this report. Management has elected to present the CDGB Fund as a major fund.

Law Enforcement Protection Fund (73600). The purpose of this special revenue fund, as defined by Section 29-13-1 NMSA 1978, is to provide for the equitable distribution of money to municipal police, university police, tribal police and county sheriff's departments for use in the maintenance and improvement of those departments in order to enhance the efficiency and effectiveness of law enforcement services and to sustain at a reasonable level the payments available to the surviving eligible family members of a peace officer killed in the line of duty. The fund reverts any balance in excess of \$100,000 that is not obligated for distribution.

County Supported Medicaid Fund (02100). This special revenue fund was established to leverage existing resources to better address the state's health care needs by using local revenues solely to expand eligibility for federal Medicaid optional coverage in supplementation to mandated federal Medicaid services. The fund receives county health care gross receipts tax to support the state Medicaid program and to institute or support primary care and health care services pursuant to Section 24-1A-3.1 NMSA 1978. Money is appropriated from the county supported Medicaid fund to supplement general fund appropriations. The fund is non-reverting.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements – Fund Financial Statements (Continued)

Major Funds (Continued)

Local DWI Grant Program Fund (56000). This special revenue fund was established to account for the receipt and distribution of liquor excise tax revenue for grants and other distributions to local governments for Driving While Intoxicated (DWI) programs, services, and detoxification/treatment facilities in an effort to prevent or reduce the incidence of DWI, alcoholism and alcohol abuse in accordance with the Local DWI Grant Program Act, Sections 11-6A-1 through 11-6A-6 NMSA 1978. The fund is non-reverting.

Board of Finance Capital Project Funds. This fund is a summary roll-up of the individual capital project funds maintained by the Board of Finance to account for the severance tax and general obligation bond proceeds. The bond proceeds are appropriated by the legislature for construction and service projects administered by the various state agencies, municipalities, local governments, and universities. The Board of Finance Bond Fund and the individual capital projects funds are administratively established to maintain a separate accounting throughout the life of each bond authorized and sold by the Board of Finance. See the combining balance sheets and combining statement of revenues, expenditures, and changes in fund balance for the board of finance bond funds. These funds are non-reverting.

Board of Finance Debt Service Fund (20810). This fund is used to account for debt service activity related to Severance Tax and General Obligation Bonds held by the Board of Finance. The fund is nonreverting.

STB Capital Outlay Statewide Fund (89200). This capital project fund is used to account for severance tax bond funded capital projects. The fund is reverting.

GF Capital Outlay Fund (93100). This capital project fund was established to account for capital outlay projects utilizing General Fund Appropriations. The fund is reverting.

Small Counties Assistance Fund (73700). This fund was established to account for and distribute ten percent of the annual compensating tax to counties pursuant to 4-61-3, NMSA 1978. The fund is reverting and does not have a legally adopted budget.

Nonmajor Governmental Funds

All remaining governmental funds administered by the Department not classified as a major fund are and included as supplementary information:

- Nonmajor Special Revenue Funds:
 - Civil Legal Services Fund (Fund 62400) (Section 34-14-1 NMSA 1978) (nonreverting)
 - Domestic Violence Treatment or Intervention Fund (Fund 37600) (Sec. 1-5, Ch. 7 Laws of 2008)
 - Juvenile Adjudication Fund (Fund 10780) (Sec. 2, Ch. 244, Laws of 2009) (nonreverting)

 - Federal Taylor Grazing Act (Fund 73800) (Administratively Established) (nonreverting)
 - Forest Reserve (Fund 73900) (Administratively Established) (nonreverting)
 - University of New Mexico (Fund 23300) (Administratively Established) (nonreverting)
 - Judicial Education (Fund 58900) (Section 34-13-1 NMSA 1978) (nonreverting)
 - Judicial Education Municipal Courts (Fund 59000) (Section 34-13-1 NMSA 1978) (nonreverting)
- Nonmajor Capital Projects Funds:
 - Tribal Infrastructure Fund (Fund 10810) (Sec. 32, Ch. 125, Laws of 2009) (nonreverting)

Fiduciary Funds

A Schedule of Changes in Assets and Liabilities for Agency Funds is presented in the Other Supplementary Information section of this report for all Agency Funds maintained by the Department. These funds represent assets held by the Department in a custodial capacity belonging to other entities that are not part of the State government and consist entirely of agency funds. Agency Funds are used to account for assets held by the Department in a capacity as trustee, custodian, or agent for other governmental units and nonpublic organizations. Agency funds are custodial in nature and do not involve measurement of the results of operations. The reporting focus is on net assets using the accrual method of accounting.

Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual Basis. The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchanged transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with requirements of GASB Codification.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Modified Accrual Basis. The governmental funds in the fund financial statements utilize the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become susceptible to accrual – that is, when they become both measurable and available to finance expenditures of the current fiscal period; available meaning collectible within sixty (60) days or soon enough thereafter to be used to pay liabilities of the current period. Contributions and other monies held by other state and local agencies are recorded as a receivable at the time the money is made available to the specific fund. All other revenues are recognized when they are received and are not susceptible to accrual. Revenues from grants that are restricted for specific uses are recognized when all eligibility requirements have been met and when the related expenditures are made.

Expenditures are recorded as liabilities when incurred. An exception to this general rule is that accumulated unpaid annual, compensatory and certain sick leave are not accrued as current liabilities but as noncurrent liabilities. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the Department first uses restricted resources then unrestricted resources.

A reconciliation is presented on the pages following the Fund Balance Sheets and the Statement of Revenues, Expenditures, and Changes in Fund Balance. The reconciliations briefly explain the adjustments necessary to transform the fund based financial statements (modified accrual basis) into the government-wide presentation (full-accrual).

Assets, Liabilities, Deferred Outflows/Inflows of Resources, Fund Balances, and Net Position

Investments

Cash consists of investments with the New Mexico State Treasurer's Office. A Schedule of Investment in State General Fund Investment Pool Accounts with State Treasurer is included in the Other Supplementary Information section of this report.

Investment (Escrow Account)

The escrow account includes investments that were purchased from the proceeds of the Series 2017B General Obligation Refunding Bonds. The proceeds from the investments will be used to pay the debt service requirements for a portion of the Series 2015 General Obligation Bonds. The escrow account consists of money market funds, valued at cost, and municipal bonds, valued at fair value, as discussed in Note 4.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, Fund Balances, and Net Position (Continued)

Loans Receivable

Loans to local governments and other entities arise from programs administered by the Board of Finance and the Local Government Division for emergency water supply system construction, voting machines, emergency and disaster purposes, and for community development. Collections are generally received in monthly or annual installments including interest, if applicable. Interest rates range from 0 percent to 5.5 percent, while most of the loans are interest free. Allowances for uncollectible accounts are rare. No allowance for uncollectible accounts has been recognized with the exception of the Neighborhood Stabilization fund, which has a \$319,301 allowance recorded against the receivable in an equal amount.

Capital Assets

Capital assets include office/computer processing equipment and automobiles, which are recorded as expenditures in the fund level Statement of Revenues, Expenditures and Changes in Fund Balances, and are capitalized at cost for assets over \$5,000 in the government-wide Statement of Net Position. Depreciation for purposes of the government-wide financial statements is calculated using the straight-line method over life ranging from 3 to 10 years.

Compensated Absences

Vacation, compensatory and sick time is reported as a liability in the government-wide financial statements, with expenses being reported during the period that leave is accrued. The fund financial statements reports expenditures during the period that employees are actually paid, or when compensated absences are liquidated with expendable financial resources from the operational portion of state general fund appropriations. Employees are entitled to accumulate annual leave at a graduated rate based on years of service. A maximum of 240 hours can be carried forward at calendar year end. Employees are entitled to accumulate unlimited sick leave at the rate of one day for each month of service. Employees may elect to be compensated for sick leave in excess of 600 hours at half the employee's hourly rate in any fiscal year, not to exceed 120 hours, unless retiring. Retiring employees may convert up to 400 hours in excess of the 600 hours at half the retiring employee's hourly rate. This election may be made at retirement or at specified times during the employment year. The Department also allows eligible employees to defer being paid overtime in exchange for compensatory time.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Department did not have any items that qualified for reporting in this category as of June 30, 2019.

STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, Fund Balances, and Net Position (Continued)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Department has one item that qualifies for reporting in this category, the deferred gain for refunding.

Fund Balance

In the governmental fund financial statements, fund balances are classified as restricted, or unrestricted (committed, assigned, or unassigned). Restricted represents those portions of fund balance where constraints placed on the resources are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Legislative and Executive branches of the State. Assigned fund balance is constrained by the Legislature's and Executive Branch's intent to be used for specific purposes or in some cases by legislation. See Note 9 for additional information about fund balances.

Net Position

The government-wide statements utilize a net position presentation categorized as follows:

Net investment in capital assets – This category reflects the portion of net position that are associated with capital assets less outstanding capital asset related debt.

Restricted net position – For the government-wide statement of net position, net position is reported as restricted when constraints placed on net position used are imposed by law through constitutional provisions or enabling legislation. Net position of Board of Finance funds is negative and therefore presented as a reduction of unrestricted net position.

Unrestricted net position – This category reflects net position of the Department not restricted for any project or other purpose. Unrestricted net position is reduced by the negative Board of Finance funds.

Interfund Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as inter-fund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market value, are treated as revenues and expenditures. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, Fund Balances, and Net Position (Continued)

Interfund Activity (Continued)

All other inter-fund transactions are treated as transfers. Transfers between funds are netted upon consolidation.

Revenues

Revenues from grants that are restricted for specific uses are recognized when the related expenditures are made. E911 surcharges represent surcharges paid by phone users in New Mexico to fund E911 phone systems, and are recognized as revenue when the underlying exchange transactions occur. Revenue from alcohol beverages tax is also recognized when the underlying exchange transaction occurs. State general fund appropriations, appropriations of severance tax bond proceeds, and interest earnings are susceptible to accrual under the modified accrual basis of accounting, and are deemed both measurable and available if collected within the current year or two months after the end of the fiscal year. Civil court fees are recognized when received by the courts.

Reversions

Section 6-5-10 NMSA 1978 requires that all unreserved undesignated fund balances in reverting funds and accounts as of June 30 shall revert by September 30 to the general fund. Historically, the Financial Control Division's (FCD) Year-End Deadlines policy (commonly referred to as 'closing instructions') required state agencies to record reversions to the state general fund not settled by June 30 to the "Due to State General Fund" liability account (234900) as of June 30 of each fiscal year end. The historical policy required state agencies to execute a transfer in the subsequent fiscal year to relieve the amount "Due to State General Fund" and reduce the agency's "Investment in State General Fund Investment Pool."

Pursuant to the FCD's Addenda to Accounting Policy Statement Four – Custodial Funds dated July 14, 2017, the FCD adopted a change of accounting policy applicable to all state agencies starting in fiscal year 2017 for amounts reverted to the state general fund. Under the new policy, FCD requires state agency reversions to the state general fund to be accounted for as both a reversion and a reduction in the reverting agency's "Investment in State General Fund Investment Pool" as of June 30, using the State's adjustment period, if the entry was processed by September 30. In accordance with the new policy, no "Due to State General Fund" liability is reported in the Department's financial statements as of June 30, 2019, because the Department's Investment in State General Fund Investment Pool" balance has been reduced by the amount reverted to the state general fund.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities, Deferred Outflows/Inflows of Resources, Fund Balances, and Net Position (Continued)

Reversions (Continued)

The Department's spending policy is when an expenditure/expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the State's policy to use restricted resources first. When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the State's policy to spend committed resources first.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Single Year Budget

The following are the procedures followed in establishing the budgetary data presented in the financial statements:

The Department submits a proposed budget to the New Mexico State Legislature for the fiscal year commencing the following July 1. The State Legislature must approve the budget prior to its legal enactment. The expenditures and encumbrances of each category may not legally exceed the budget for that category. Budgets are controlled at the "category" level within activities (personal services, employee benefits, etc.). The legal level of budgetary control is at the appropriation program level.

Any adjustment to the budget must be submitted to and approved by State Budget Division in the form of a budget adjustment request.

The budget is adopted on the modified accrual basis of accounting, per statute Chapter 114, Section 3; however, accounts payable that are not recorded in a timely manner (before the statutory fiscal year-end deadline) will not be paid from the current year appropriation, and they are thus not recorded as a budgetary expenditure. Instead, they must be paid out of the next year's budget. This budgetary basis is not consistent with generally accepted accounting principles (GAAP).

It is effective for fiscal years beginning July 1, 2004. Balances remaining at the end of the fiscal year from appropriations made from the State General Fund shall revert to the appropriate fund, unless otherwise indicated in the appropriations act or otherwise provided by law.

Most appropriations made to the Department lapse at year-end and revert to the original funding source. Pursuant to the General Appropriation Act of 2006 (Laws of 2006, Chapter 114, Section 3.M), the budgetary basis was converted to the modified accrual basis of accounting, i.e. GAAP basis, beginning with fiscal year 2006 appropriations.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

Multi-Year Budget

Each year the Legislature approves multiple year appropriations, which the State considers as continuing appropriations. The Legislature authorizes these appropriations for two to five years; however, it does not identify the authorized amount by fiscal year. Consequently, the appropriation is budgeted in its entirety the first year the Legislature authorizes it. The unexpended portion of the budget is carried forward as the next year's beginning budget balance until either the project period has expired or the appropriation has been fully expended. The budget presentations in these financial statements are consistent with this budgeting methodology.

NOTE 3 INVESTMENT IN STATE GENERAL FUND INVESTMENT POOL

Compliant with statute 6-10-3 (NMSA 1978), and to optimize state cash management and investment practices, funds of various state agencies are deposited in the State General Fund Investment Pool (SGFIP). This pool is managed by the New Mexico State Treasurer's Office (STO). Claims on the SGFIP are reported as financial assets by the various agencies investing in the SGFIP.

A reconciliation of claims on the SGFIP to the related assets managed by STO assets is performed monthly. There is no material difference between the two amounts.

State law (Section 8-6-3 NMSA 1978) requires the Department's cash be managed by the New Mexico State Treasurer's Office. Accordingly, the investments of the Department consist of an interest in the SGFIP managed by the New Mexico State Treasurer's Office.

At June 30, 2019, the Department had the following invested in the State General Fund Investment Pool:

State General Fund Investment Pool	<u>\$1,018,963.463</u>
------------------------------------	------------------------

Interest Rate Risk – The New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

Credit Risk – The New Mexico State Treasurer pools are not rated.

For additional GASB 40 disclosure information regarding cash held by the New Mexico State Treasurer, the reader should see the separate audit report for the New Mexico State Treasurer's Office for the fiscal year ended June 30, 2019.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 4 INVESTMENTS (ESCROW ACCOUNT)

Fair Value of Investments

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

The Department categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments measured at the net asset value (NAV) are those whose underlying positions are not evident and thus the market value of the investment is priced at a price per share in a fund or by another pricing methodology.

The Department utilizes Zions Bank to assist with leveling of its investments per GASB 72's fair market hierarchy.

	Fair Value Measurements Using			Fair Value June 30, 2019
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Observable Inputs Level 2	Significant Unobservable Inputs Level 3	
Investments by Fair Value Level:				
Debt and Equity Securities,				
Municipal Bonds	\$ -	\$ 84,717,764	\$ -	\$ 84,717,764
Total Investments at Fair Value	<u>\$ -</u>	<u>\$ 84,717,764</u>	<u>\$ -</u>	<u>\$ 84,717,764</u>
			Money Market	889,511
			Total Investments	<u>\$ 85,607,275</u>

Credit Risk-Debt Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Department's investments and their exposure to credit risk at June 30, 2019 are as follows:

Investment	Rating	Fair Value
Investments Subject to Credit Risk -		
Fitch Ratings:		
Municipal Bonds	AA-	\$ 78,441,235
Municipal Bonds	A	6,276,529
Total Investments Subject to Credit Risk		<u>\$ 84,717,764</u>

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 4 INVESTMENTS (ESCROW ACCOUNT) (CONTINUED)

Interest Rate Risk – Debt Investments

Interest rate risk is the risk that changes in interest rates could adversely affect the fair value of an investment. A summary of the investments at June 30, 2019 and their exposure to interest rate risk is as follows:

Investment	Fair Value	Less Than 1 Year	1-5 Years	6-10 Years
Investments Subject to Interest Rate Risk:				
Municipal Bonds	\$ 84,717,764	\$ -	\$ 69,520,196	\$ 15,197,568
Total Investments Subject to Interest Rate Risk	<u>\$ 84,717,764</u>	<u>\$ -</u>	<u>\$ 69,520,196</u>	<u>\$ 15,197,568</u>

Concentration of Credit Risk – Investments

Concentration risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Investments in any one issuer that represent 5% or more of total investments are considered to be exposed to concentrated credit risk and are required to be disclosed. As of June 30, 2019, there were nine issues totaling \$76.8 million, which represented 91% of the total investments.

NOTE 5 CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2019 was as follows:

	June 30, 2018	Transfer In/ Additions	Transfer Out/ Deletions	June 30, 2019
Depreciable Assets:				
Office/Data Processing Equipment/Furniture	\$ 989,115	\$ -	\$ (57,420)	\$ 931,695
Automobiles	23,027	-	-	23,027
Total Capital Assets	<u>1,012,142</u>	<u>-</u>	<u>(57,420)</u>	<u>954,722</u>

NOTE 5 CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions as follows:

Policy Development	\$	-
Fiscal Management		17,846
Community Development		8,751
Program Support		-
Total Depreciation Expense		\$ 26,597

NOTE 6 LONG-TERM OBLIGATIONS

Compensated Absences

The compensated absence balance in the amount of \$451,712 represents the estimated liability for employees' accrued vacation and sick leave for which employees are entitled to be paid upon termination. These are expected to be paid from the General Fund.

The long-term liability for compensated absences for the year ended June 30, 2019 was as follows:

	June 30, 2018	Additions	Deletions	June 30, 2019	Amount Due Within One Year
Compensated Absences	\$ 440,862	\$ 775,259	\$ (764,409)	\$ 451,712	\$ 451,712

Severance Tax and General Obligation Bonds

Long-term liabilities include bonds payables and they are an important source of long-term funding for the State of New Mexico needing large amounts of capital for capital outlay projects. The bonds of the State are typically sold at a premium, which means the market rate is lower than the stated interest rate on the bond and the bonds are sold for more than the face value of the bond (at more than 100% of par). Bond premium represents interest paid in advance to the State by the bondholders who then receive a return of this premium in the form of larger periodic interest payments (at the stated rate). The unamortized premium on bonds payable is presented on the Statement of Net Position as a direct addition to the face (par) value of the bonds to arrive at the bond's carrying value at June 30, 2019.

Bond issuance costs are transaction costs of the bond issue. The bond issuance costs such as legal fees, underwriting commissions or discounts, and printing are not recorded as assets to amortize them over the life of the related debt issue but recognized as an expense in the current period per GASB No. 65. Bond issuance costs are paid directly by the broker and are repaid to the broker by the State through the proceeds of the bond issue, which means that the State receives bond proceeds net of the bond issuance costs.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 6 LONG-TERM OBLIGATIONS (CONTINUED)

Severance Tax and General Obligation Bonds (Continued)

The period in which bond premium is amortized begins at the first interest payment and ends the year before the principal balance is paid in full. The method of amortization used is the sum-of-the year's digit. The State typically issues Serial bonds that have principals that mature in installments and redeemed pro-rata annually in a series of annual installments instead of lump-sum payment at the end of bond life to facilitate debt repayment. For this reason, sum-of-the year's digit method is used to amortize the premium which uses the percentage of decrease in outstanding debt each maturity period as the basis for calculating the related amount of premium on the bonds.

STO services the debt related to these bonds; however, the Department recognizes the bond payables and unamortized premium. Bond payables are reduced according to the payment schedule issued through the official statement which can be found the State Board of Finance website or at http://www.nmdfa.state.nm.us/Official_Statements_and_Pending_Sales.aspx.

Operating Leases

The Department has entered into operating lease agreements for certain items of office equipment such as copiers. These agreements are contingent upon the availability of future appropriations and are therefore cancelable upon proper notice given to the lessors. Total rental payments for operating leases made during the year ended June 30, 2019, was \$121,061.

Future payments are:

		Principal	
2020	\$	67,002	
2021		-	
Total	\$	67,002	

NOTE 7 SHORT-TERM DEBT OBLIGATIONS

Sponge Note

Per section 7-27-6 NMSA, the money in the Severance Tax Bond Fund (STBF) is pledged to meet the principal and interest payments on bonds payable. Per section 7-27-8 NMSA, State Treasurer's Office (STO) is required to transfer any money left in the STBF every December 31 and June 30 to Severance Tax Permanent Fund (STPF). The State Board of Finance issues short term severance tax notes which are often called "sponge notes" to STO to "sponge" up extra cash in the Severance Tax Bond Fund (STBF) before it transfers to the Severance Tax Permanent Fund (STPF). The notes are due 1-3 days after issuance. During the fiscal year 2019, short term severance tax notes were sold on the dates specified below. Note proceeds are recorded by the State Board of Finance. Principal and interest payments are made from STBF.

	Purchased	Matured	Principal Payments

NOTE 9 GOVERNMENTAL FUND BALANCES – RESTRICTED AND COMMITTED

The Department's fund balances represent: restricted funds which include balances that are legally restricted for specific purposes due to constraints that are externally imposed by creditors, grantors contributors, or laws or regulations of other governments; and committed funds which include balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Legislature. A summary of the nature and purposes of these classifications by fund type at June 30, 2019 follows:

Restricted Fund Balance:

Fund	Fund Description	Restricted Purpose	Amount
GF	General Fund	Supreme Court	\$ 5
GF	General Fund	BOF/Water Emergency Loans	2,385,140
GF	General Fund	Voting Machine	32,041

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 10 CONTINGENCIES AND OTHER COMMITMENTS

Federal grant revenues would be refundable in the event of noncompliance with terms of the grant agreements. In the opinion of management, no material refunds will occur.

The Department entered into Joint Powers Agreements or JPAs (Joint Powers Agreements Act, Section 11-1-1 through 11-1-7 NMSA 1978) with state agencies and local governments for the purpose of providing pass-through funds received from federal awards, legislative appropriations, and other state funds to the sub-recipient organization. To ensure compliance with the restrictions and conditions imposed by the applicable legislation, statutes, laws, rules, regulations, or grant/cooperative agreement, JPAs are entered into with the recipient to define the allowable purposes and uses for the funds, the time period that funds will be available, as well as reimbursement and reversion requirements. None of the JPAs creates a joint venture or ongoing financial interest in another organization. Transactions made pursuant to a JPA are voluntary nonexchange revenues and expenditures, and are reported by the Department on the modified accrual basis of accounting in the statement of revenue, expenditures, and changes in fund balance. In the statement of activities, these transactions are reported on the full accrual basis as either program income or general income (depending on the funding source), and as program expenses. The supplemental Schedule of Joint Powers Agreements is in the other supplementary information section of this report.

Legal counsel for the Department is aware of no pending or threatened litigations, claims, or assessments existing at June 30, 2019 that would, in the opinion of the Department's management and in-house legal counsel that may have a material adverse impact on the financial position or results of operations of the Department.

NOTE 11 RETIREMENT BENEFITS—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

The Department, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple employer defined benefit pension plan administered by the Public Employees Retirement Association (PERA). Disclosure requirements for governmental funds apply to the primary government as a whole, and as such, this information will be presented in the CAFR of the State of New Mexico.

Information concerning the net pension liability, pension expense, and pension-related deferred inflows and outflows of resources of the primary government will be contained in the CAFR and will be on the Department of Finance and Administration's home page or at <http://www.nmdfa.state.nm.us/audit-info.aspx>.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019**

NOTE 12 POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

The Department, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple-employer defined benefit postemployment health care plan that provides comprehensive group health insurance for persons who have retired from certain public service positions in the State of New Mexico. The other postemployment benefits (OPEB) Plan is administered by the Retiree Health Care Authority of the State of New Mexico. Overall, total OPEB liability exceeds OPEB Plan net position resulting in a net OPEB liability.

The State has determined the State's share of the net OPEB liability to be a liability of the State as a whole, rather than any agency or department of the State and the liability will not be reported in the department or agency level financial statements of the state. All required disclosures will be presented in the Comprehensive Annual Financial Report (CAFR) of the State of New Mexico and will be available, when issued, from the Office of the State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

NOTE 13 SPECIAL APPROPRIATIONS

Special appropriations are made to the Department from the New Mexico State General Fund for various nonrecurring activities as determined by the Legislature. Unexpended and unencumbered appropriations remaining at the end of the appropriation period revert to the State General Fund. Appropriation periods vary in accordance with the underlying legislation. Additional details pertaining to each special appropriation can be found in the supplemental Schedule of Special Appropriations located in the Other Supplementary Information section of this report.

NOTE 14 TAX ABATEMENTS

The Counties in the State may negotiate property tax abatement agreements with entities under authority of Industrial Revenue Bond (IRB) or Pollution Control Revenue Bond Act (PCRB) or the Statewide Economic Development Act (Section 6-25-1 NMSA 1978). Section 7-36-3 NMSA 1978 provides exemption from property taxation for property interests of a lessee in project property held under a lease from a county or a municipality as long as there is an outstanding bonded indebtedness under the terms of the revenue bonds issued by the county for the acquisition of the project property. Each year the State's County Treasurers Remittance Fund (80000) is reduced by amounts abated under these agreements entered into by various counties. These abatements are immaterial to the Department or the State of New Mexico and additional disclosure is not required. For a complete listing of GASB 77 Tax Abatements impacting the State, the reader should reference the State of New Mexico's 2019 Comprehensive Annual Financial Statement that will be released in early 2020.

JUNE 30, 2019**

NOTE 15 RESTATEMENT AND FUND RE-RECLASSIFICATION

Accrued Interest Payable Restatement

Beginning with fiscal year 2017, the Department recorded the State's severance tax (STB) and GO bond debt as required by State policy. However, the State makes interest payments related to the STB/GO bond debt in July and September each year, of which an estimated accrued interest was not established by the Department, to be accrued as of June 30. The Department has estimated the accrued interest as of June 30, 2018 to be \$25,384,938. The beginning net position of (\$529,321,634) has been restated to (\$554,706,572) to reflect this accrued interest as of June 30, 2018.

Reclassification of Board of Finance Fund 20810

The State Treasurer's Office (STO) prior to fiscal year 2017 recorded all debt service payments within their debt service funds and reported those payments in their annual financial statements. Starting with fiscal year 2017, consistent with State policy, STO continued to make the State's debt service payments; however, the Department reflected the debt service payments on their financial statements in various capital project funds of the Board of Finance (BOF), which were classified as capital project funds. The Department, starting with fiscal year 2019, has recorded all debt service payments made by STO in fund 20810 and reclassified this BOF capital project fund to a debt service fund. This fund reported a fund balance of \$84,328,379 as of June 30, 2018, of which is reserved for debt service payments. This fund and related fund balance is reflected in the Department's FY19 fund financial statements as a fund balance reclassification from the combined BOF Capital Project Fund to the BOF Debt Service Fund (20810).

NOTE 16 SUBSEQUENT EVENTS

During FY 2019, the State Board of Finance authorized the sale of General Obligation Bonds. The Series 2019 General Obligation Bonds were sold on July 9, 2019 and the sale closed on July 31, 2019 in the amount of \$139,985,000.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2019**

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the State of New Mexico Department of Finance and Administration and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance).

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in the Office of Management and Budget Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations, or the cost principles contained in Uniform Guidance.

NOTE 3 INDIRECT COST RATE

The Department has elected not to use the 10-percent de minimus indirect cost rate allowed under the 2CFR§200.414.

NOTE 4 CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBERS

The program titles and CFDA numbers were obtained from the 2019 Catalog of Federal Domestic Assistance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico,
Department of Finance and Administration, and
Mr. Brian Colón, New Mexico State Auditor
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the general fund and each major special revenue fund of the State of New Mexico Department of Finance and Administration (the Department), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Department's basic financial statements, and have issued our report thereon dated October 30, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Department's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item (2019-001) that we consider to be a material weakness.

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico,
Department of Finance and Administration, and
Mr. Brian Colón, New Mexico State Auditor
Santa Fe, New Mexico

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2019-002.

The Department's Response to Findings

The Department's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Department's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CliftonLarsonAllen LLP

Albuquerque, New Mexico
October 30, 2019

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE,
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico,
Department of Finance and Administration, and
Mr. Brian Colón, New Mexico State Auditor
Santa Fe, New Mexico

Report on Compliance for Each Major Federal Program

We have audited the State of New Mexico Department of Finance and Administration's (the Department) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Department's major federal programs for the year ended June 30, 2019. The Department's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Department's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Department's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Department's compliance.

Ms. Olivia Padilla-Jackson, Cabinet Secretary
State of New Mexico,
Department of Finance and Administration, and
Mr. Brian Colón, New Mexico State Auditor
Santa Fe, New Mexico

Opinion on Each Major Federal Program

In our opinion, State of New Mexico Department of Finance and Administration complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal program for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Department is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Department's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
JUNE 30, 2019

Section II – Financial Statement Findings

2019-001 Statewide Finance Accounting and Reporting of General Obligation and Severance Tax Bonds

Type of Finding:

- Material Weakness

Condition: Beginning with fiscal year 2017, the Department, in accordance with State policy, was required to record the State's GOB/STB debt and related debt service activity on their financial statements.

The Department has not established effective controls and procedures to ensure the financial reporting and accounting for the State's GOB/STB debt and related activity is in accordance with generally accepted accounting principles (GAAP) within the Department's financial statements, as well as the State's financial statements. As a result, various misstatements related to the financial accounting and reporting of the State's GOB/STB debt were identified that impact the Department financial statements, as well as the State's financial statements.

Criteria or Specific Requirement: By state statutes, the New Mexico State Treasurer's Office (STO) is required to make the State's debt service payments for the State's GOB/STB debt. These payments are made from the Severance Tax Bond Fund and the General Obligation Bond Fund, both identified as debt service funds and reported in the financial statements of STO, which accumulate resources from severance taxes and property tax levies specifically for the purpose of debt service.

Effective with fiscal year 2017, the state accounting policies require the State's GOB/STB debt to be recorded in the Department's financial statements.

Per Government Accounting Standards Board (GASB) Codification:

- Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds.
- The outflows of resources related to all debt service principal and interest payments should be recorded and reflected in the fund financial statements as expenditures.

Context: Prior to fiscal year 2017, the State had various components of State debt that was only reported on the State's financial statements or in some cases there were components of debt not reported at all. The State issued a policy in 2017, which assigned various components of the State's debt to be reported at the department level financial statements for certain departments. The intention of the policy was to address the risk of financial reporting misstatements and inconsistencies associated with the State's various components of debt. Although, STO would continue making the actual debt service payments, the Department, in compliance with the State policy, began reporting the State's GOB/STB debt and related debt service activity in their department financial statements. However, the Department didn't establish appropriate controls and procedures to ensure the financial accounting and reporting of the State's GOB/STB debt and related debt service activity is accurate and in accordance with GAAP for the financial statements of the Department and the State.

**STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
JUNE 30, 2019**

Section II – Financial Statement Findings (Continued)

2019-001 Statewide Finance Accounting and Reporting of General Obligation and Severance Tax Bonds (Continued)

Context (Continued): More specifically, the following financial accounting and reporting issues were identified during the audit of the Department that required a correction or reclassification to properly reflect in accordance with GAAP the State's GOB/STB debt and related debt service activity in the financial statements of the Department and the State:

- During the year-end financial close and reporting process, the Department records journal entries to reflect the Debt service payments in the Department's ledger by reporting transfers of resources from the STO to the Department. The Department posted the debt service activity into the various project funds of the Board of Finance (BOF) as reported in the Department's financial statements, which are classified as capital project funds. These funds do receive bond proceeds, however, these proceeds are for the purpose of funding capital projects and not for debt service. When these funds are aggregated into the State's financial statements, the debt service activity is incorrectly classified in a capital project fund, while the actual resources accumulated for the debt service of the GOB/STB debt as held and reported at STO is reported within a debt service fund in the State's financial statements. To allow for the appropriate financial accounting and reporting of the debt service activity, one of the BOF funds was reclassified to establish a debt service fund within the Department's financial statements. This will also allow for accurate financial reporting in the financial statements of the Department and the State.
- The short-term notes the State issues (sponge bonds) as necessary also require a reclassification adjustment to reflect the transfer of resources to the Department from STO and the corresponding debt service payments. This entry was not properly identified and prepared by the Department; the total sponge bonds issued and paid during the year were \$256M.
- The January 2019 interest payment of \$3.1M for the 2018A bond series was not identified by the Department and reclassified from the general ledger of STO to the Department's general ledger to reflect the interest payment.
- The State makes various principal and interest payments on the GOB/STB debt in July and September of each year, in which the Department would need to work with STO to identify those payment amounts made by STO to properly identify and estimate the accrued interest payable. An amount of \$25.4M was identified as the accrued interest payable as of June 30, 2018, which required a restatement to the beginning net position of the Department.

Effect: Misstatements of the financial statements of the Department and the State.

Cause: Because of the fact that the actual debt service payments and related activity are made by STO as required and reflected in their general ledger, there is inherently a greater risk of error in identifying the appropriate entries and activity to be reflected in both sets of department level financial statements to allow for proper reporting at the State level. In addition, the Department and the State didn't establish appropriate controls and procedures to ensure the financial accounting and reporting of the State's GOB/STB debt and related debt service activity is accurate and in accordance with GAAP for the department's financial statements of both DFA and STO, as well as the State's financial statements.

STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
JUNE 30, 2019

Section II – Financial Statement Findings (Continued)

2019-001 Statewide Finance Accounting and Reporting of General Obligation and Severance Tax Bonds (Continued)

Recommendation: We recommend management review applicable standards and discuss the most appropriate department level financial statements to record the State's GOB/STB debt and related debt service activity with the State's CAFR unit and STO and establish effective controls and processes to endure timely and accurate financial reporting in accordance with GAAP.

Management's Response: In order to effectively establish internal controls related to the financial accounting and reporting of the State's GOB/STB debt and related debt service activity is to take a two-prong approach to a long-term solution. In the short term, the department CFO will create a procedure guide for the proper recording of the debt and related debt service activity. The procedure guide will include the current GOB/STB fund series, associated fund numbers within DFA and STO, contact information for STO employees responsible for processing the debt service payments and contact information for Board of Finance employees so that all transactions are captured. This process will be complete by June 30, 2020.

The second, more long-term solution, is to begin meetings between STO employees, the CAFR unit employees, the State Controller and DFA's CFO. The goal of these meetings is to determine the correct placement of the debt service activity from a department level and State's financial statement perspective. This process will be complete by March 31, 2020 with full implantation of long term solution to be complete by June 30, 2020.

Section III – Findings and Questioned Costs – Major Federal Programs

Our audit did not disclose any matters required to be reported in accordance with *Government Auditing Standards*.

STATE OF NEW MEXICO
DEPARTMENT OF FINANCE AND ADMINISTRATION
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
JUNE 30, 2019

Section IV – Findings -- Compliance and Other Matters

2019-002 Statewide Financial Accounting and Reporting

Type of Finding:

- Other Matters

Condition: As a department of the State, as well as one of many components that comprise the State's financial statements, the use of proper accounts and the compliance with State accounting policies and procedures is critical to ensure accurate statewide financial accounting and reporting. During the audit we noted that the Department did not use the proper account codes related to the aggregated balances of payables/receivables, as well as the proper account codes related to the activity with non-SHARE components of the State. In addition, the Department is responsible for the activity and related disbursement of various sources of revenue in several governmental funds where the revenue recognition is not when earned, but rather when disbursed to beneficiaries upon request.

Criteria or Specific Requirement: GASB codification requires the disclosure of major components of receivable and payable balances when such balances are aggregated in the financial statements. In the State's financial statements, the State needs to be able to identify those balances and activity with the higher educational institutions, as they are presented as an enterprise fund of the State. In addition, the State also needs to identify those balances and activities with component units of the State to be able to properly disclose any related balances and activity as required. The State has prescribed the usage of various account codes in SHARE for those balance and activity with these entities. GASB Codification requires that revenue recognition for non-exchange transactions occurs when amounts are earned or when they are measurable and available to the entity.

Context: During the audit, the following issues were identified and required reclassification adjustments:

- Amounts due to local governments, totaling \$9,687,704 across multiple funds, were recorded in the accounts payable account 201900 instead of 233900 for amounts due to local governments.
- Amounts due from the federal government, totaling \$1,203,847 in fund 08800, were recorded in the accounts receivable accounts 132900/132901, instead of 145900 for amounts due from the federal government.
- Amounts disbursed to State component units, totaling \$351,338 across multiple funds, were incorrectly included in transfers to higher education institutions

In addition, the following fund was re-classified from a fiduciary fund to a governmental fund in fiscal year 2017, as the assets held in this fund were actually assets of the State and the classification as a fiduciary fund type was not appropriate for state-wide reporting.

- Domestic Violence Treatment or Intervention Fund - 37600

While the Department currently has this fund properly classified as a governmental fund, the activity in this fund is accounted for in a similar manner to a fiduciary fund type, in which no revenues/expenditures are reported in the respective fund. Essentially, the revenue recognition is delayed until received by agency beneficiary. The source of funds in these funds primarily consist of court related fees and should be recognized as assessed.

Section IV – Findings -- Compliance and Other Matters (Continued)

2019-002 Statewide Financial Accounting and Reporting (Continued)

Effect: Potential misstatements in the Department's financial statements and the State's financial statements.

Cause: Management Oversight. Lack of established processes, controls, and policies to ensure proper financial accounting and reporting related to the identified matters.

Recommendation: We recommend management establish effective controls and processes to ensure compliance with applicable statewide accounting policies. In addition, we recommend management evaluate the identified fund related to the revenue recognition and determine if any changes to policies or procedures are necessary to ensure appropriate and timely revenue recognition.

Management's Response: In order to ensure proper classification of year end accounts payable the CFO will ensure that all detail is reviewed at the end of the year by payee so that the transactions are identified timely and accurately. A process guide will be developed to include the types of transactions that should be reclassified based on payee. This process will be complete by June 30, 2020. The CFO will meet with the CAFR unit and State Controller to ensure that revenue is timely and properly recognized in the appropriate department level financial statements. This process will be complete by June 30, 2020.
